HR office, piles of paperwork everywhere, the HR looks exhausted

Payroll, attendance, tasks, leave management—everything's a mess! I can't keep up with PF, ESIC, TDS, and recruitment is a nightmare. I really need help!"

OMG!

KABOOM!

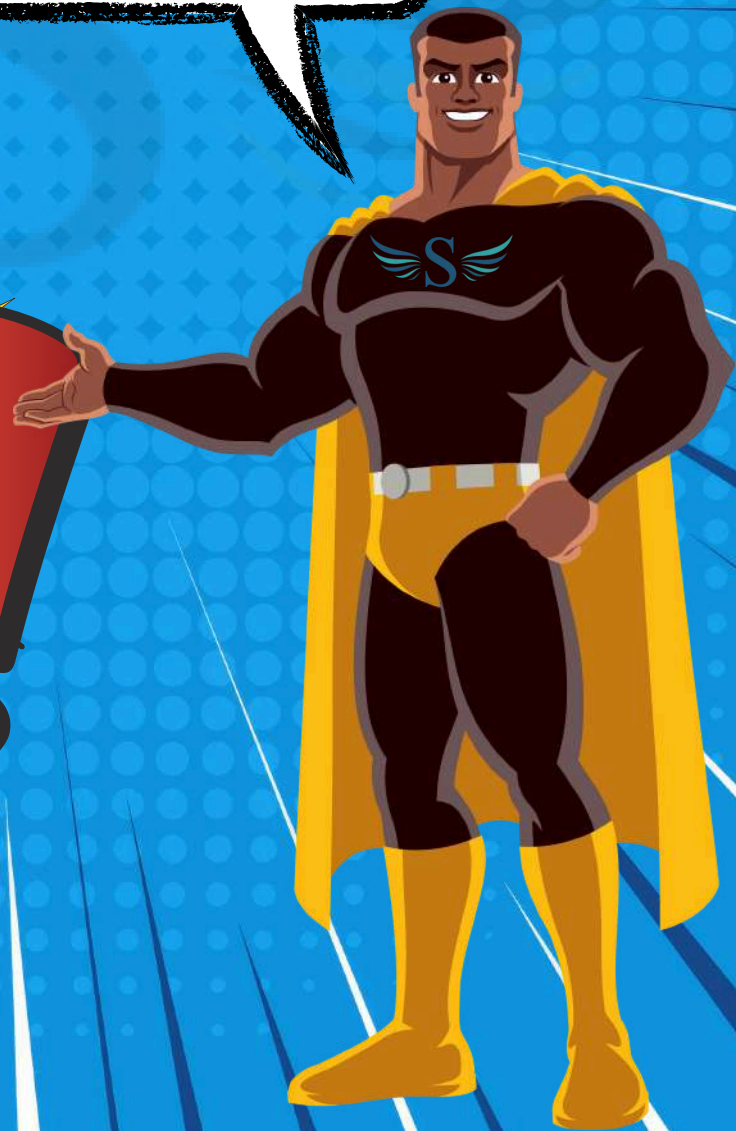

Fear not, HR! I am Shramdoot, here to save your day and streamline all your HR processes!

BAM!

Wow! Shramdoot?
How can you possibly
help with all this?

Let me tell you
my super powers

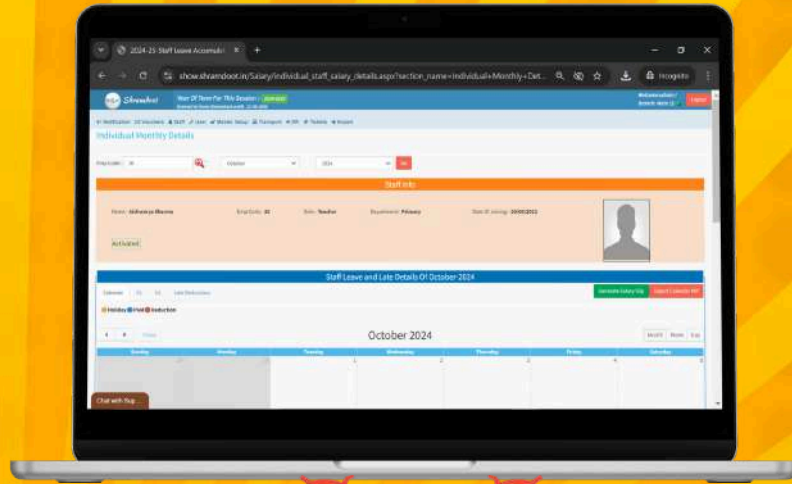

BANG!

PAYROLL

Management

COMPLIANCE

Built-in compliance feature in accordance with local statutory regulations

FAST, ACCURATE & SECURE

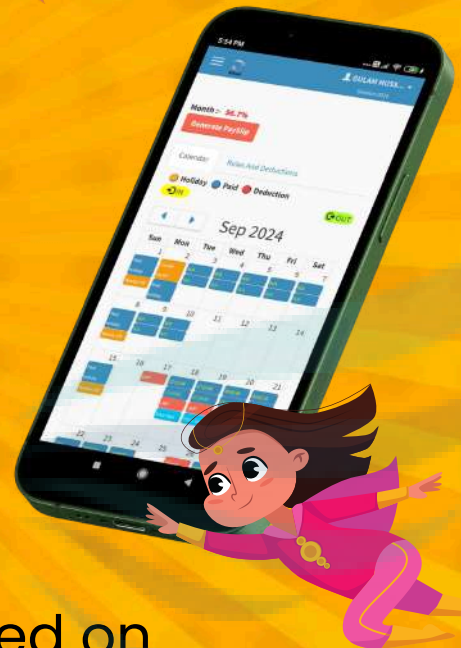

Error-free payroll processing, tax calculations, pf contributions and customizable structure

ACCESS TO REPORTS

Generate customized reports based on real-time data, provide a comprehensive payroll overview, and more.

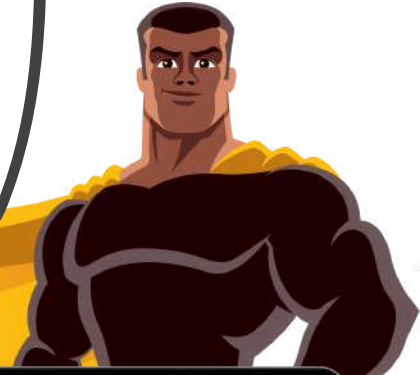

E-PAYSLIPS

Immediate access to payslips at any time and from anywhere.

For payroll, I'll automatically calculate everything—PF, ESIC, PT, TDS—accurately and on time. Plus, your employees can access their salary slips 24/7, anytime they need!"

COOL!

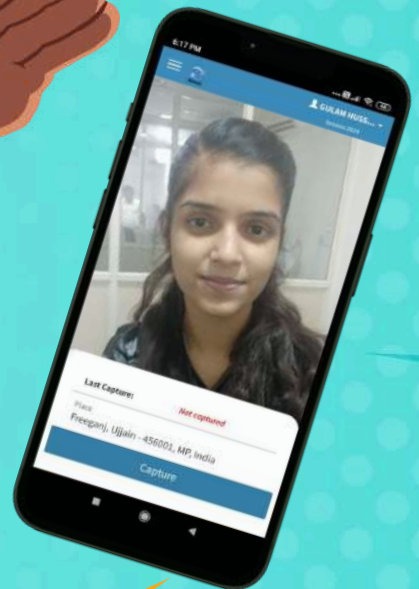

Salary Head Name	Order	Pay to Employee	Calculated Head
Basic Salary	1	Yes	No
Dear Allowance	2	Yes	No
House Rent Allowance	3	Yes	No
Medical Allowance	4	Yes	No
Gratuity	5	Yes	No
PF	6	Yes	No

That sounds incredible! But what about attendance? We have biometric integration, RFID, but I still struggle to keep it all organized.

WOW!

I've got that covered too! With my **biometric** and **RFID** integration, attendance is tracked in real-time. Not only that, I've developed a **selfie attendance** feature—your employees can mark their attendance from their assigned locations!

SMASH!

WEBSITE DEVELOPMENT

I'm struggling with website development for our business... can Shramdoot help?

Absolutely! Shramdoot streamlines website creation, making development fast and easy!

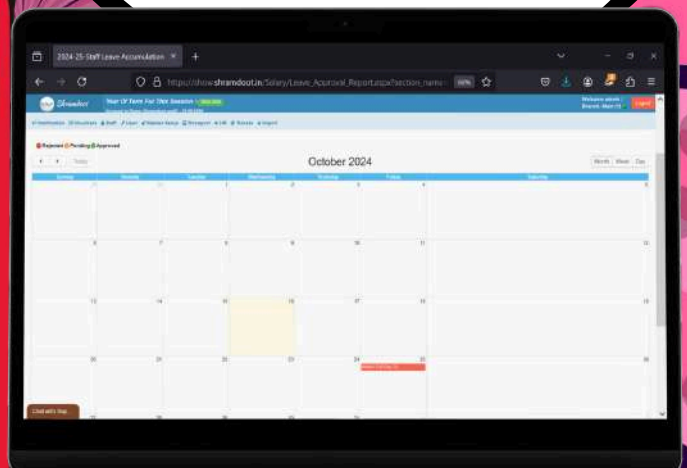

SMASH!!

Currently we have more than 500 website projects

With my leave calendar, apply leave feature, and shift request options, everything is automated. Employees can easily apply for time off, and you can review and approve it with just a click. No more manual hassle!

TIME & ATTENDANCE

OOops!

A web-based time and attendance solution that reduces costs, boosts efficiency, and enhances transparency. It features **geo-fencing**, **facial recognition**, and multiple clocking technologies, along with **staff calendars**, **time-off requests**, and **rostering systems**, making attendance tracking simpler for employees.

Wow, this is exactly what I need! But I'm also swamped with recruitment process and task management. Sifting through resumes, scheduling interviews, giving feedback—it's overwhelming

SUPER!

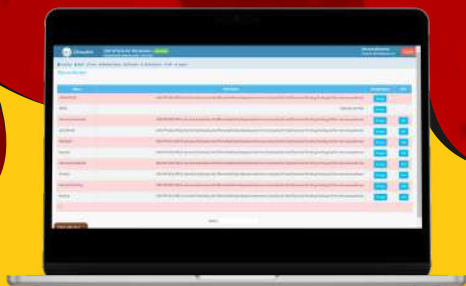

Not anymore! My Recruitment Manager will help you post job descriptions, gather candidate data in one place, manage documents, conduct online interviews, and even track feedback—all in one streamlined platform, Here he is!!!!

TICKETING TOOL

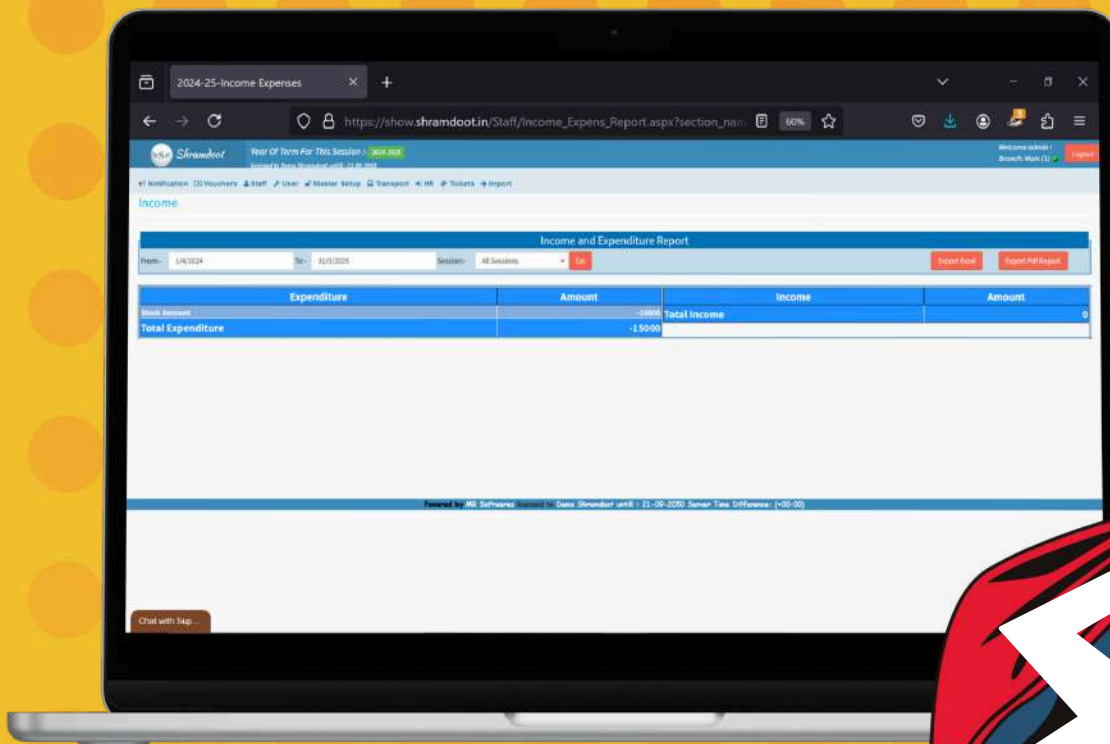

Managing tasks is chaotic—how can I organize everything?

With my ticketing tool, tasks are assigned, tracked, and resolved in one place—efficient and organized!

I'm also struggling to keep track of vendor payments and generate vouchers.

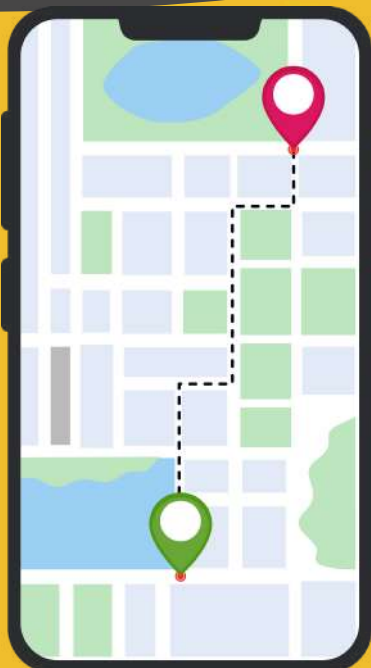

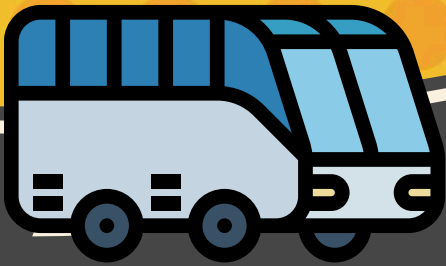

No worries! I automate vendor payment tracking and generate vouchers instantly—accurate and hassle-free!

GPS TRACKING

Let me tell you about our additional feature i.e GPS tracking

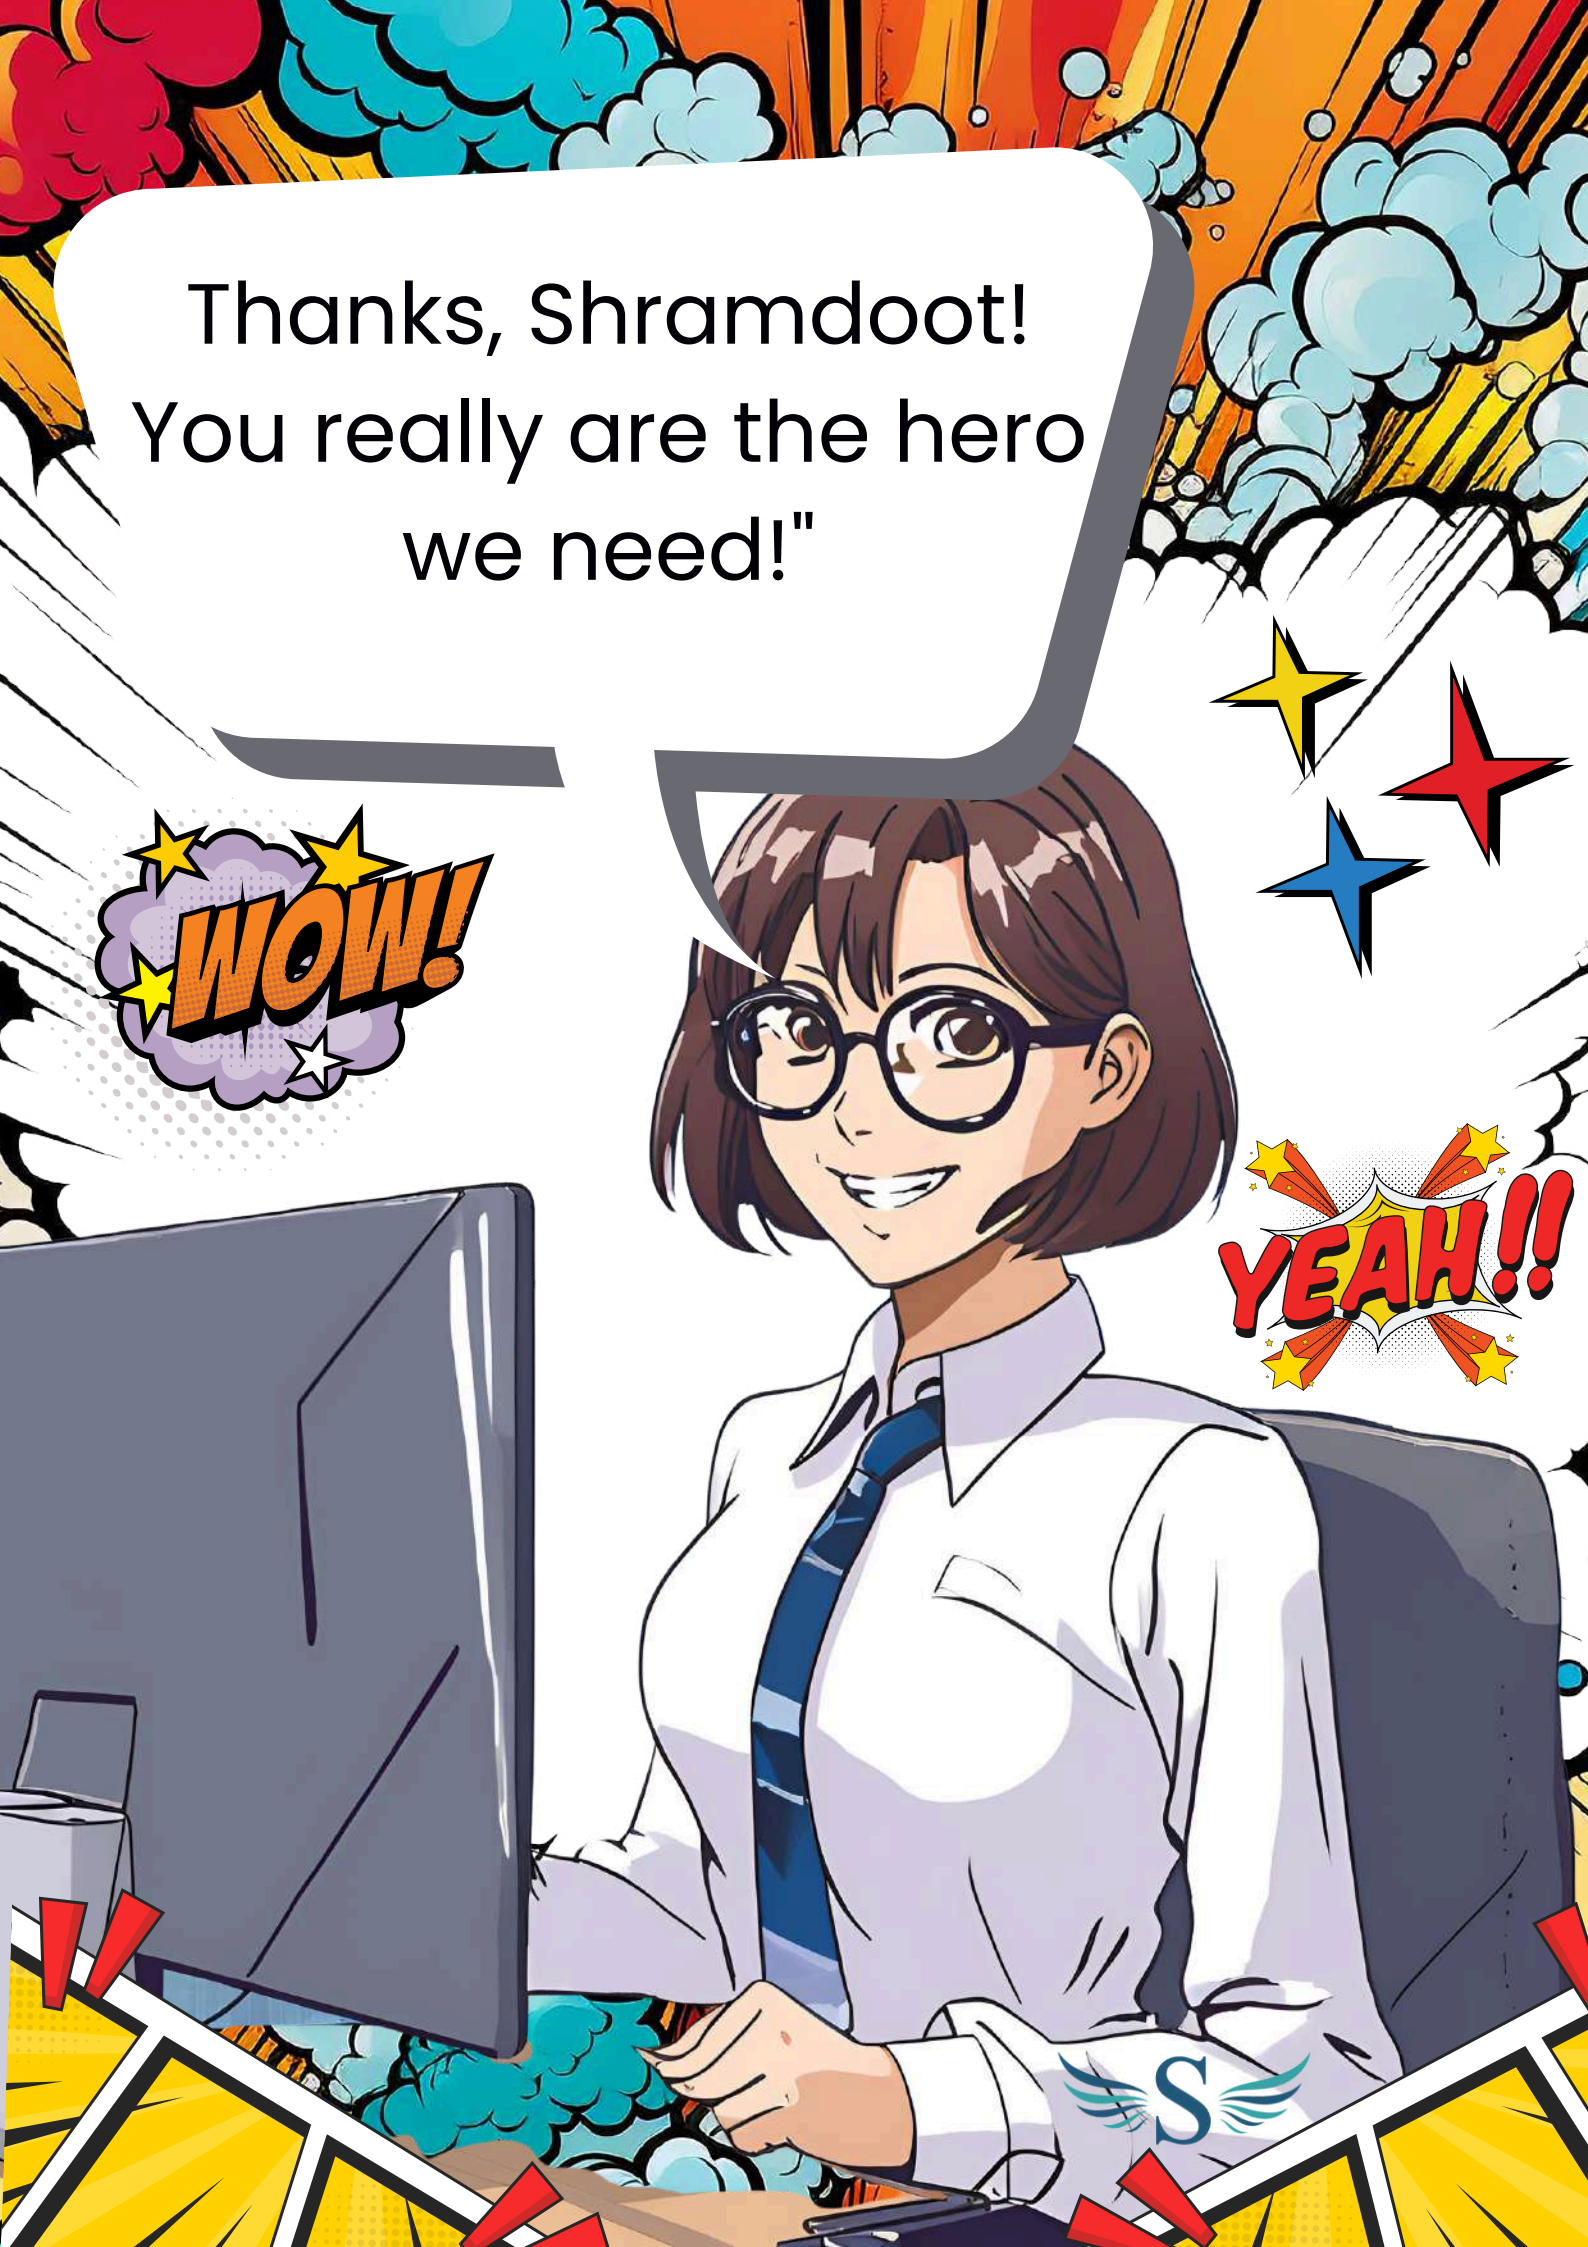

Yeah!! This feature is interesting as i can now track my consignment

Thanks, Shramdoot!
You really are the hero
we need!"
